Tribe Of Nova Proudly Presents

UNIVERSO PARALELLO ISRAEL EDITION

6-7 October 2023

SUPERNOVA

Sukkot Gathering

Dear Tribe of Nova,

We are thrilled and filled with pride and excitement to announce a truly exceptional and unprecedented event that will take place for the very first time in Israel...

The legendary Universo Paralello festival is set to land in our small but vibrant land!

Yes, just as it sounds, the most powerful and meaningful psy trance music festival in one of the most recognized and active psy trance nations, is already making its way here 🇧🇷 🇧🇪 🇧🇯

An inseparable part of our continuous and everlasting vision is the creation of groundbreaking events, infused with international standards and filled with a unique lineup.

This time, during the upcoming Sukkot holiday, one of the biggest, most influential, and revered festivals in the world, is coming to Israel. 🌍

This special collaboration with a festival that represents the heart and soul of the Brazilian trance music community, is considered to be one of the largest and most respected international electronic-alternative festival throughout Latin America.

Together with this massive community, which has been built over 23 years, inspiring people globally across continents, the central driving force behind it is a set of fundamental and important human values:

Free love and spirit,

environmental preservation,
appreciation of rare natural values that the festival embodies

Every two years, it spreads the love for exquisite electronic music in all its variations, establishes an authentic connection to the social-artistic ideology, and channels all these elements for empowerment and the dissemination of the trance culture, which emerges as a universal cosmic light from the wild jungle and spreads throughout the world.

It is our great honor to lead one of the three unique pre-festival events taking place worldwide, as we approach the splendid 17th edition of the Universo Paralello festival.

The festival will be held during the celebrations of the new civil year in Praia de Pratigi, a hidden paradise located on the southern coast of Bahia, Brazil, within the mystical rainforest.

The meaning of the words "Universo Paralello" is "Parallel Universe" in Portuguese, the native language of the land of Samba, from which the festival originates.

The word "Supernova" refers to the explosion of a massive star, causing an immense burst of light in galactic terms.

What can one imagine when these concepts intertwine during the upcoming Sukkot holiday? 😊

We assume that you can already imagine the result...

(Or perhaps not?) 🤔

The official ticket sales have begun, and the number of participants is limited.

Tribe of Nova invites all of you to dive together with us into a tribal journey, where the essence of unity and love combines forces with the best music, powerful and captivating international content, and breathtaking location...

These are the right parameters from which extraordinary and unforgettable experiences are created, just as we like to provide to our beloved audience 🦄
